"We have had a huge amount of work completed that could have potentially caused massive disruption to our day-to-day operations.

Thankfully Syn-Star have managed the entire process professionally, with absolute minimal disruption."

DKW Engineering

# Switch with confidence.

Syn-Star have been providing fast and reliable IT and Telecoms support to a wide variety of organisations across the UK since 2002.

Moving from your current IT and Telecoms managed service provider to us is simpler than you may think. We also offer a satisfaction guarantee too.

So, let's have a chat and discuss options that work for you...
